OUR STORY

HERE IS
OUR STORY

Saudi Ceramics has been a pioneer in the ceramics industry, shaping spaces with our timeless designs and perfect efficiency.

Saudi ceramics was established in **1977.**

We implemented the essence of our local culture and values into our craftsmanship to exceed the highest of standards and keep on evolving through an ongoing journey of innovation.

OUR VALUES

INTEGRITY

We strive to ensure the highest quality in every step of the way while preserving our clients satisfaction as the driving force of the company.

UNITY

We believe that success is attained through the collaborative efforts of our human capital. We are growth-centered and aim for an equitable work culture at all times.

RESPONSIBILITY

We embrace our responsibility to contribute to social and environmental causes, playing our part in benefiting society.

AGILITY

It's not just about keeping pace; it's about leading the way. We are always in pursuit of an agile and creative strategic framework for sustainable growth and return for its shareholders.

COMMITMENT TO EXCELLENCE

We are committed to excellence in every aspect, from the selection of premium materials to meticulous craftsmanship, ensuring that each piece reflects our dedication to quality and beauty.

SUSTAINABLE PRACTICES

Embracing sustainability, we prioritize eco-friendly manufacturing processes and materials, contributing to a greener future while maintaining our commitment to excellence.

PRODUCT RANGE

From luxurious tiles and intricate mosaics to bespoke ceramic art pieces, our diverse product range caters to discerning clients seeking elegance and sophistication in every detail and provides them with effective solutions that are tailored to their specific needs.

OUR MISSION

Saudi Ceramics strives to become the leading partner in all home and building projects worldwide. Through its proven standards, it is dedicated to manufacturing every product with unparalleled quality, value, and longevity.

SOCIAL RESPONSIBILITY

SOCIAL RESPONSIBILITY

Inspired by the sustainable aspects of Saudi Vision 2030, we fulfill our responsibility as an influential entity to prioritize supporting social and environmental causes.

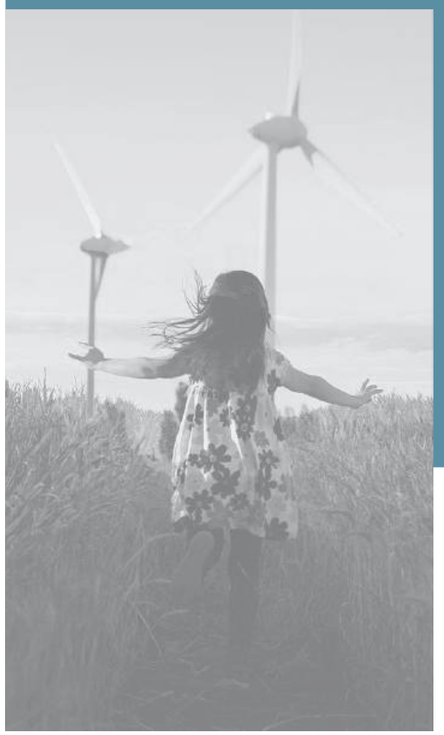

SAUDIZATION
UNLOCKING OUR TRUE POTENTIAL

The fast-paced development and innovation in Saudi Arabia have inspired us to focus on Saudization at all levels and have encouraged us to direct our approach towards attracting and growing Saudi talents by working closely with government bodies such as the Ministry of Labor and the Human Resources Development Fund to contribute to achieving Saudi Vision 2030.

OUR ROLE
IN COMMUNITY GROWTH

Growing our communities through supporting local charitable organizations and programs is not a mere commitment to us, but rather a responsibility we proudly take to give back and contribute to society’s prosperity.

SUSTAINABILITY
SHAPING THE PROSPERITY OF THE FUTURE

Growing natural resources, utilizing resources efficiently, and reducing waste are our main efforts towards the preservation of the environment and have been major keystones that our strategic planning revolves around to ensure a greener and more prosperous future.

REDUCING WASTE

GROWING NATURAL RESOURCES

UTILIZING RESOURCES EFFICIENTLY

WATER
CONSERVATION

Driven by our strong sense of environmental responsibility, we have developed advanced water-saving toilets designed to operate with exceptional efficiency, consuming only 3 to 6 liters per flush. This innovation not only reflects the company's dedication to sustainability but also promises significant water conservation benefits. Should these toilets be widely adopted across the kingdom, the potential annual water savings could reach an astounding 300 million cubic meters, mirroring the output capacity of the Al-Jubail Desalination Plant. This step emphasizes Saudi Ceramics' role in regional water conservation efforts and promoting eco-friendly practices.

ESTIMATED WATER CONSERVATION

OUR PATH
TO SUCCESS

OUR PATH
TO SUCCESS

With dedication to excellence, our ongoing quest for perfection is built on the following foundations:

PARTNERS
Nurturing relationships for mutual growth, whether our own human capital, which we take pride in with our strategic partners.

SOCIETY
Implementing our values to proudly serve our local communities.

DEVELOPMENT
Turning difficult challenges into opportunities for growth.

TEAMWORK
Empowering our team to achieve shared goals.

QUALITY
Keeping on raising the standards for clients' satisfaction.

SUSTAINABILITY
Taking the proper steps towards maintaining a thriving planet.

OPPORTUNITIES
The pathway to drive progress and achieve a competitive advantage.

CUSTOMER CARE

CUSTOMER CARE

WE VALUE OUR RELATIONSHIPS

Our dedication to customer satisfaction is realized through:

- Providing high-quality products and services.
- Introducing new and innovative products and designs.
- Efficient and prompt worldwide delivery.
- After-sales support.
- Technical and marketing support for distributors.
- Providing spare parts.

QUALITY

QUALITY

OUR BADGES OF HONOR

At Saudi Ceramics, quality isn't just a priority; it's a core value that drives every decision and action. We go above and beyond to meet specifications for finished products, raw materials, and packaging through rigorous testing, leveraging the expertise of our skilled team and innovative techniques. This relentless pursuit of excellence is evident in the superior quality of our products, validated by our ISO9001 System Certification and Quality Marks that we wear proudly as our badges of honor, setting us apart as industry leaders in quality assurance.

Domestic Quality Accreditations:

- 'The King's Award for the Ideal Factory' won twice.
- SASO Quality Mark for all of its products.
- SASO Energy Efficiency Certificate & Label (EEL) for EWH Products.
- SASO Water Efficiency Certificate & Label (WEL) for SW Products.

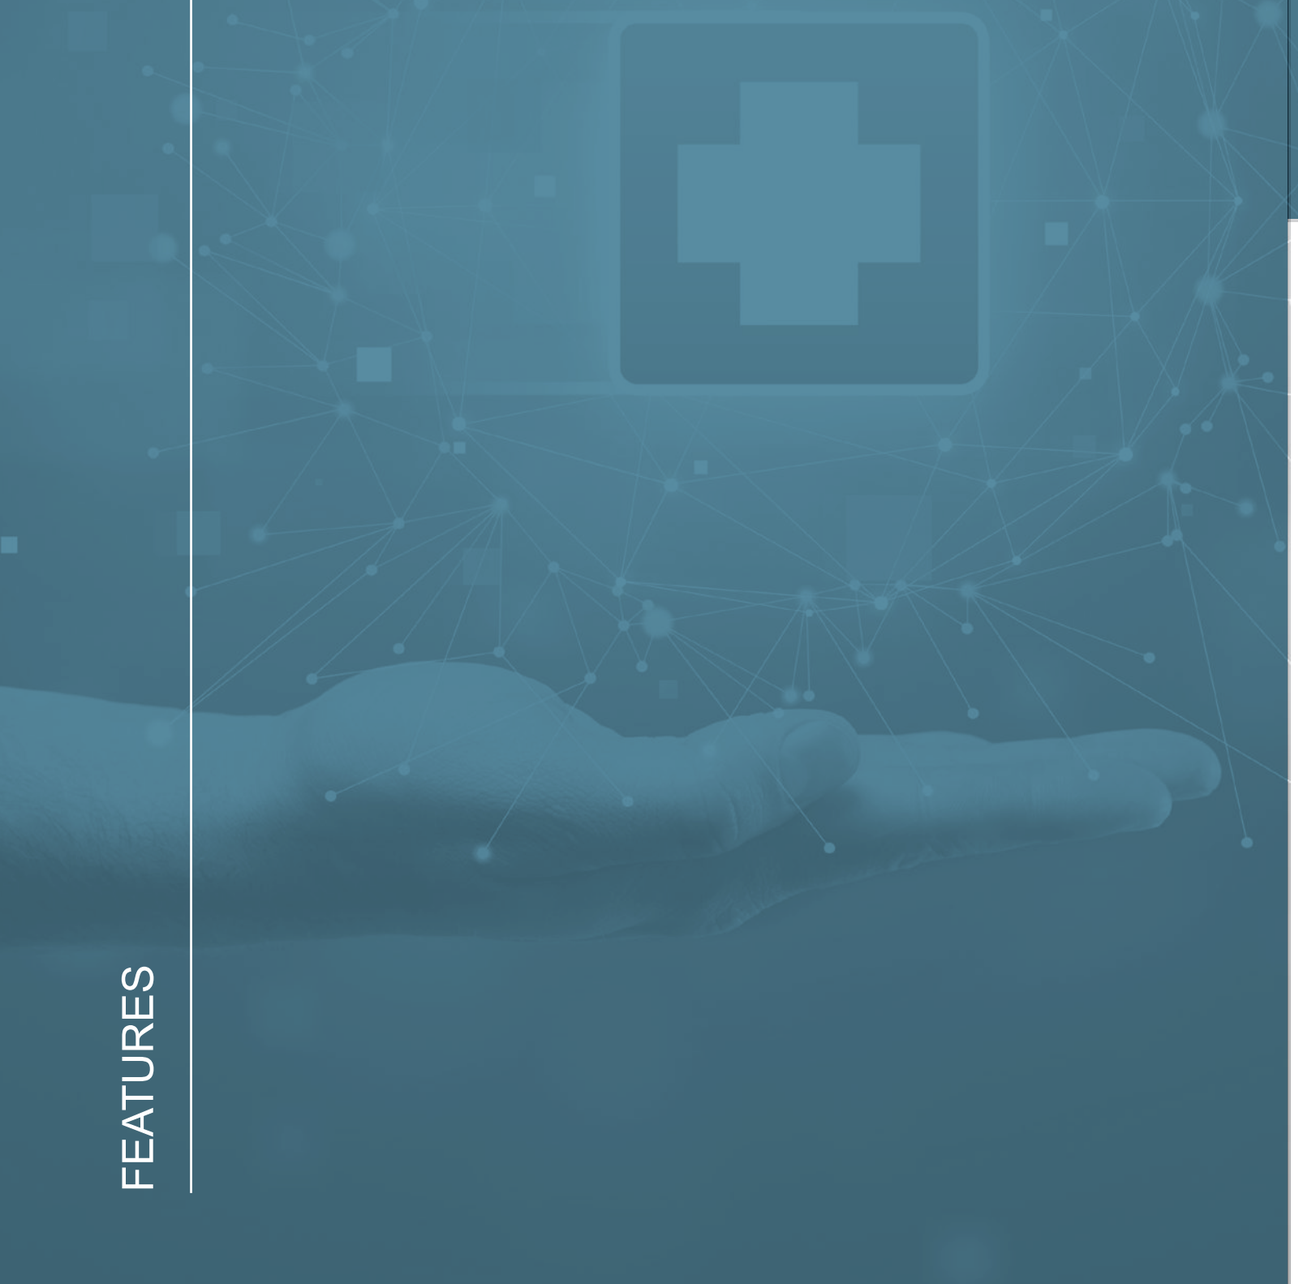

International Quality Accreditations:

- ISO 9001:2015 certificate.
- CE Mark
- Emirates Quality Mark
- Gulf Conformity Mark for EWH Products (G-Mark)

CERAMIC TILES

Saudi Ceramics' extensive range of glazed ceramic tiles transforms any space into a masterpiece. From wall tiles to flooring solutions, swimming pool tiles, and decorative accents, our products are crafted to meet SASO and international quality standards. Explore our assortment of skirting, decorative tiles, and accessories to add touches of luxury and elegance to any project.

SANITARY WARE

Presenting a diverse collection of premium vitreous China sanitary ware in various colours and contemporary designs. Our clients can enhance their bathrooms with our diverse range of products, including baths, shower trays, taps, ceramic soap dishes, shelves, towel rails, and many other accessories.

PORCELAIN TILES

Saudi Ceramics sets the standard as the first porcelain tile manufacturer in Saudi Arabia. Our product lines encompass a variety of sizes and designs, offered in polished or unpolished, glazed or unglazed finishes, delivering both elegance and enduring quality.

ELECTRIC WATER HEATERS

Our electric water heaters are crafted with precision to meet the highest safety standards, incorporating enamel glass-lined boilers for rust-free operation. Our diverse range includes solar water heaters in various sizes and shapes, catering to a wide range of heating needs.

SMART PODS

We pioneer the production of premium, factory-controlled lightweight steel-framed bathrooms known as Smart Pods. These pods combine exceptional build quality, sustainability, and efficiency, contributing to advancements and innovation in the growing building industry.

EXCEPTIONAL BUILD QUALITY

PLASTIC PRODUCTS

We provide a comprehensive range of plastic and acrylic products to cover the everyday aspects of our clients' day, including bathtubs, shower trays, seat covers, water tanks, flushing mechanisms, flexible pipes, components for electric water heaters, tile spacers, and grating pins for swimming pools.

CERAMIC ROAD MARKERS

Introducing ceramic road markers as an excellent substitute for their steel counterpart. The markers are known for their exceptional visibility and simple installation. Resilient in both heavy traffic and harsh weather, these markers come in yellow or white with designs made specifically to meet the precise traffic requirements.

RED BRICKS

Saudi Ceramics proudly unveils its new red bricks factory, equipped to be one of the region's finest for both local and global production. With an initial annual capacity of 330,000 tons, this facility is set for gradual growth and increased efficiency.

BATHROOM ACCESSORIES

Saudi Ceramics offers a personalized touch to your bathroom with a range of accessories, including mirrors, mixers, baths, shower trays, toilet seats, water tanks, flushing mechanisms, tile adhesives, and grouts.
